

Teachers change the lives of millions of children every day, and their work and impact extend far beyond the boundaries of the classroom. Teachers provide so much to our students—inspiration, motivation and, ultimately, their futures.

From now until May 4, 2018, we encourage you to show your thanks and gratitude by sending a note to any teachers at Huntington North High School who have influenced you or your children. Use this link: [General#ThankATeacherHNHS](#). You may send as many as you wish. We will also accept and distribute notes to other teachers within HCCSC. The form is available on the HNHS website.

Teacher Appreciation week is May 7-11, 2018. Notes will be distributed during this week as part of our weeklong celebration of teachers!
